# **WASTE MANAGEMENT POLICY**

---

---

December 2023

## ARTICLE 1 INTRODUCTION

1.1 Vizsla Silver Corp. and its subsidiaries (collectively the “**Company**”) are committed to minimizing the environmental impact of our operations through responsible waste management. We recognize the importance of sustainable practices in waste disposal and are dedicated to minimizing our environmental impact.

1.2 The purpose of this Water Management Policy (the “**Policy**”) is to outline the Company’s commitment to reducing waste, recycling, and managing waste materials in an environmentally responsible manner.

## ARTICLE 2 COMMITMENT

2.1 The Company will comply with all local and national laws and regulations pertaining to proper waste management and disposal.

2.2 The Company will develop and maintain a waste management plan for both hazardous and non-hazardous wastes for the duration of each project that will include disposal of hazardous and non-hazardous wastes, treatment of on-site wastewater/sewage waste, and designs for on-site landfills if appropriate.

2.3 The Company will develop site-specific waste goals to reduce waste and mitigate waste-related impacts.

2.4 The Company will monitor the generation, treatment and disposal of each individual waste stream.

2.5 The Company will monitor water quality to ensure no pollutants are entering contaminating water resources. This includes monitoring of hazardous, non-hazardous, and sewage waste facilities on site.

2.6 The Company will conduct regular audits to ensure the effectiveness of the waste management plans.

## ARTICLE 3 EFFECTIVE DATE

3.1 This Policy was implemented by the board of directors of the Company on December 15, 2023.
